

Precision Roll Services

New work rolls, intermediate rolls
and repair/reconditioning services
for multi-roll levelers, tension
levelers and straighteners

Machine Concepts recognizes the need for work roll replacement and/or reconditioning with fast turnaround to minimize downtime. We have highly trained personnel with thorough knowledge of work roll design utilizing high-end equipment for all your precision roll service needs.

New Rolls

- ▶ Extensive experience in work roll design – based on customer parameters or reverse engineering of customer supplied rolls
- ▶ High-performance rolls with enhanced durability and longevity
- ▶ Suitable for a wide range of machines and applications, such as work rolls and intermediate rolls
- ▶ Various finishes available including micro finish and chrome plating
- ▶ Precise tolerances are held to customer's satisfaction
- ▶ Wide range of roll sizes available

Roll Reconditioning

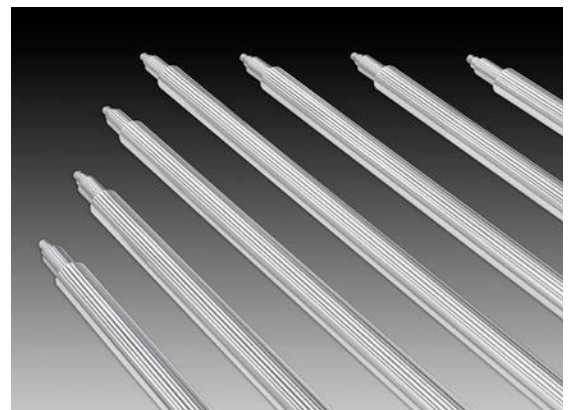

- ▶ Capability to recondition rolls back to original specifications, including:
 - ▶ Repair damaged roll ends
 - ▶ Straighten bent rolls
 - ▶ Regrind and finish worn rolls
- ▶ Extend roll service life reducing downtime and maintenance costs
- ▶ Inspection reports and documentation – pre and post repair
- ▶ Full service support as needed
- ▶ Emergency roll repair service
